TONINO LAMBORGHINI SUPPORTS THE ALFRED TRAUMA SERVICE

22nd March 2010

On Wednesday 24th March, Lorbek Luxury Cars in Port Melbourne will host a cocktail party to celebrate the 2010 Melbourne Grand Prix and raise funds for trauma and burns care at the Alfred Hospital.

An auction will take place as part of the fund-raising activities on the night, and a lucky guest will have the chance to win a Tonino Lamborghini Espresso Pod System, together with an exclusive Tonino Lamborghini coffee pack.

The Alfred Trauma Service is the largest and most active trauma service in Australasia and treats over half of all major Victorian trauma cases. The Alfred also provides medical assistance for the Grand Prix drivers, staff and patrons. The Alfred has even installed radiology facilities at the Grand Prix track, so that the patients' images can be received in the trauma centre before the patient arrives at the hospital – to ensure that there is no delay in their care.

Tonino Lamborghini Caffè is proud to be able to support the Alfred Trauma Service.
